THIS REPORT IS FOR ADVISING ONLY

THIS REPORT IS A TOOL USED TO UNDERSTAND DEGREE REQUIREMENTS AND IS NOT MEANT TO REPLACE PERSONAL ACADEMIC ADVISING.

Report Accuracy

Although efforts have been made to ensure the accuracy of this report, it is the responsibility of each student to be aware of the requirements as stated in the relevant SFU calendar.

Applying Units To Your Credential

Students registered in multiple programs (any combination of Honours/Major/Minor) should check to make sure that units for upper division courses are assigned to one program or the other, but not both.

Units applied to one certificate may also be applied to Honours/Major/Minor degree programs, but may not be applied to another SFU certificate or diploma.

Note: Repeated course(s) currently In Progress will only be counted towards satisfying the program requirement(s) after receiving the final grade. The APR may erroneously double count the repeated course towards program requirements while it is In Progress; once the final grade is received, the course with the lower grade will be excluded. Please re-run the APR after receiving your final grade to review your outstanding requirements. Contact your Academic Advisor for more information.

In progress courses

In progress courses are treated as if they are completed satisfactorily.
